W I N E R Y

**GROWLER:** n. 1. *Informal* A *refillable* container, such as a pail, pitcher or bottle that is used for carrying wine.

**The Deal** Plain and simple: you purchase it and drink it; we refill it with the next vintage of Boushey Vineyard Syrah. *Twice.* There's no time limit, so whenever you find the occasion to open the bottle, we'll refill it with whatever vintage we're bottling next. It's our way of helping you make the decision to open this bottle for your next party. We'll also re-etch it with the new vintage. That's it. Be one of twelve.
